50 ml

30 ml

### Anti Dark Spots Serum

Innovative intensive concentrated serum, specifically studied for hands affected by dark spots of the skin. It works efficiently in the deepest skin layers, reducing selectively the discolorations and the dark spots of the skin. It gives the hands a younger aspect, prevents the Ageing, contends the radicals.

#### ACTIVE INGREDIENTS

##### **Ultrabright Bio Complex®**

An exclusive highly concentrated vegetal natural complex formulated with an innovative synergy of Swiss Watercress Shoots and Genistein. It works efficiently in the deepest layers of the epidermis reducing in a selective way the discolorations and the dark spots of the skin.

##### **Salt Crystals**

Extraordinarily rich in minerals and trace elements.

##### **Stem Cells of Swiss Edelweiss**

They reproduce on the skin the extraordinary mechanisms of defense and regeneration: they protect from sunrays, prevent the degeneration of Hyaluronic Acid and fibers of collagen and elastin, contend the formation of radicals.

### Velvet Dry Oil

50 ml

A mix of vegetal oils, very rich in vitamins, that protect the skin and facilitate efficiently elasticity, hydration and smoothness. Velvet Dry Oil has soothing and sebum restituting properties that can stimulate the repairing processes of derma and epidermis. It is easily absorbed, doesn't feel greasy and gives an immediate sensation of relax. The skin, nourished by vitamins recovers a new extraordinary light and a delicate silky smoothness.

##### **Hyaluronic Acid**

Very pure and 100% natural, it penetrates the superficial layers of the skin and grants a deep and intense hydration.

##### **Mandelic Acid**

Extracted from almonds, it works efficiently on the discolorations and the dark spots thanks to its capacity of depigmentation.

**Grapefruit Extract, Blueberry, Aloe Vera, Spruce Fir, Gentian, Argan Oil, Sea Collagen, Pure Beeswax, Olive Oil, Palma and Avocado Oil.**

## HANDS ALWAYS IN THE SPOTLIGHT NOURISH AND PROTECT WITHOUT GREASINESS

### Skin Comfort

75 ml

All the velvety softness of Alpine Rose and the extraordinary repairing, moisturizing and anti-stress properties of this marvellous flower in an exceptional cream.

It offers an extraordinary sensory experience through its comfortable texture and very delicate fragrance.

It has a rich consistency and at the same time this cream is rapidly absorbed for hands at last free from dryness and unsightly chapping.

A concentrate of well-being that significantly increases the skin's moisturization and keeps it high for 24 hours\*.

It nourishes and protects from all external aggression (wind, cold, UV rays) and helps reinforce the hydrolipid barrier.

#### ACTIVE INGREDIENTS

##### **PhytoCellTech™**

This extract of **Swiss Alpine Rose**:

- Increases the vitality of the skin's stem cells.
- Increases the skin's regeneration.
- Improves the barrier function.
- Helps the skin fight environmental stress (wind, cold, UV rays).

##### **Urea**

A natural moisturizing factor that improves the skin's capacity to bind water. It guarantees prolonged moisturization in time and reduces skin tension.

##### **Vitamina E**

A powerful antioxidant and anti-ageing ingredient.

\* Effectiveness proven by a dermatological clinical trial

**Salt Crystals**

Dissolved in water they help to reduce the sensation of swollenness and soreness due to their extraordinary draining effect. They refresh, invigorate and disinfect the foot, granting an immediate relax and well-being.

**Gentian**

Its roots contain bitter glycosides, alkaloids, yellow pigments, pectine and essential oils. The Gentian has great anti-inflammatory and antiseptic properties and an important soothing action for sensitive and irritated skin, the deodorizing action prevents an excessive transpiration.

**Blueberry**

Blueberries contain high percentages of organic acids, like citric acid that is a powerful protector of the cells and the anthocyanic glucosides that, due to their extraordinary capacity to neutralize the free radicals, strengthen the connective tissue and improve the resistance, the elasticity and the tone of the blood vessels. It reduces the disposition to swellings and the feeling of heaviness of the foot improving efficiently the blood circulation.

**Juniper Berries**

Rich in very precious essential oils, the berries, the leaves and the wood of Juniper have always been used in all the Alps by the people of the mountains for their virtuous benefic properties and for their capacities to stimulate efficiently the superficial circulation.

**Spruce Fir**

Its precious active principles are extracted from the buds and from the young branches of the trees through vapor distillation. The essential Oil of Spruce Fir, due to the balsamic effect of its resins, has important anti-inflammatory, antiseptic and deodorizing properties. On the skin it gives an immediate sensation of freshness reducing the fatigue and the muscular tensions. It is particularly indicated for the cracks in the skin, in the heels and the swelling of the foot because, due to the phytoncides contained in its needles, it has extraordinary antibacterial properties which can contrast the bed smells and regulate the excessive transpiration. It has a purifying and refreshing effect, it stimulates the circulation and reactivates the cellular metabolism leaving the skin smooth and revitalized.

**Mountain Pine**

It is a powerful antibacterial, it stimulates the blood circulation and it facilitates the cell metabolism. Due to its intense fragrance, it has a very invigorating and relaxing effect. It is one of the most used plants by farmers in the Alps.

**Yarrow**

It's a perennial herbaceous plant, with thin roots, it grows above 2000 meters and it has very perfumed flowers. The active substances in the yarrow are the Essential Oil and the Achillein, bitter substances with invigorating, aromatic and balsamic properties.

**Lemon Balm**

The leaves of Lemon Balm contain Rosmarinic Acid, Polyphenolic Acids such as Caffeic Acid and Chlorogenic Acid, Flavonoids and an Essential Oil. It is known for its medicinal properties and is very appreciated as an aromatic herb. Due to the strong anti-inflammatory power of the Rosmarinic Acid and of the Beta-Caryophyllene, Lemon Balm has outstanding decongestant and alleviating properties for the skin.

**Masterwort**

Since ancient times the farmers of the Alps used its flowers, roots and fresh leaves to treat wounds, injuries, contusions. During the summers on the alps of the Swiss mountains infusions were prepared to immerge the swollen feet and get relief. The flowers and the leaves were meanwhile burnt in the stables as disinfectant.

**Aloe Vera**

From its leaves is extracted a gel that has at least 160 natural active ingredients, with anti-inflammatory, alleviating, calming, hydrating, anesthetic, refreshing, cicatrizing, antibiotic properties. Locally applied it penetrates all the layers of the derma, attacking the enzymes that cause inflammation and reducing it. It facilitates the production of a collagen and improves the skin's elasticity and flexibility. It is ideal in case of dry, cracked skin, skin's irritations and burns, sunburns, itch, abrasions and dermatitis, ulcerative damages, wounds.

**Mint, Eucalyptus, Birch, Cypress, Essential Olive, Avocado and Palm Oils**
